Foreword

We wish to thank every one of our customers for the nice business given us in the past.

We will do everything possible to make all our business relations with you as pleasant as possible.

To every one of our friends who have given us orders in the past we will again allow them an additional ten per cent in Iris in addition to the other premiums. This is to show you that we appreciate your business and we can show our good will to you.

This old customer premium is based on net cash of order. By allowing us to ship at our convenience, thereby enabling us to dig thousands of rhizomes at a time and assembling the orders from bins we can give you the values we are giving you, and with volume business as in the past we can do business at wholesale and less.

Colored pictures are expensive. If we used a Color Catalog our prices would be much higher and we couldn't give you the liberal premiums we do offer.

Descriptions are short and sketchy as we feel that the Fancier who gets our catalog knows Iris varieties and does not have to have a lot of word pictures.

Now we have talked about lower costs as per the above, but there is one cost we do not reduce and that is growing cost. We also send heavy stock. That boosts our express and parcel post costs, but does give you better values. The thing that makes us feel you will appreciate our way of doing business is to give you more than you expect to get.

We do not issue any other list. This catalog is either retail or wholesale, depending on size of the order.

We are happy to announce that Mr. Norton's Sylvia Murray did receive the Award of Merit for 1949 by vote of the Judges of the American Iris Society. We introduced Sylvia Murray in 1944.

Read our guarantee elsewhere in this Catalog.

Cordially yours,

All orders will be prepaid. No order accepted under \$3.00.

Guarantee

All Iris true to name and so guaranteed.

Orders filled in rotation, early orders will receive pick of rhizomes.

Our rhizomes must meet with your approval or your money will be refunded, and in that case, we will pay return postage.

Any variety that proves untrue: we will send two of that variety on report from you.

Another thing: We don't just say in our catalog, we guarantee Iris to reach you in good condition, and if they don't, notify us promptly.

We say this: Every plant is guaranteed to grow for you and if a plant is defective and does not grow, even though your soil condition at the spot of planting may be rank poison to the plant, and the plant dies, then if you notify us before October 1, year of delivery, we will either replace or refund your money.

Please Read Carefully

We reserve the right to refuse all orders received after September 30th.

New Introductions for 1950

We take pleasure in introducing two fine things originated by Mr. Luke Norton. Both are in the class of Super Varieties. Mr. Robert Innes, of Yakima, also originated a very fine thing which in its class will stand alone.

We see every year a whole parade of many seedlings, and new named varieties, but the three listed below we feel are truly distinctive and will take their place with the high ranking varieties.

CHINOOK PASS. (Norton 1950). A cross between Sylvia Murray and Gloriole. Standards same beautiful color of Sylvia Murray—falls light lavender blue on sides and much lighter in the center. Clear haft, beard white at tips and light yellow at base—large heavy massive flower—well spaced with heavy strong stalks. As fine as the Sylvia Murray though entirely different. Thirty-eight inches tall. Candelabra branching. One to a customer.....\$15.00

ROSE AMES. (Norton 1950). At last we have sufficient stock to list this one. A cross between Florentine and Lady Naomi. Standards at base lemon white deepening to lavender blue at the top. Domed standards. Falls lemon white at haft deepening to lavender blue at bottom. Beard lemon white at haft deepening to lemon at base. Large, strong flower, heavy stalk. Well branched. Fine substance. One to a customer.....\$20.00

RUTH. (Innes 1950). A grand distinct two tone yellow, a cross of Ola Kala and Gold Ruffles. Domed standards. Deep yellow as of Ola Kala. Ruffled, crimped edges. Haft same deep yellow, no reticulations—falls broad and flaring, center of falls deep cream color with deep yellow crinkled edges. Large flower, stalk strong, flowers well placed on fine branching. Thirty-eight inches tall. The clear colors of Ola Kala and the crinkled edges of Gold Ruffles. Larger flower than either.....\$15.00

All the Fanciers who have seen these three new originations urged their introduction. Due to booked orders already on all three it looks like a sellout on all by June 1. Order early and do not be disappointed.
